

# SWING FOR A CAUSE

# AIRWAYS & FAIRWAYS

## Charity Golf Tournament

Join us on the green as we drive change and inspire hope for those living with bronchiectasis and NTM lung disease. Every contribution helps us get closer to improved care and a healthier future.

### WHY WE PLAY

- Bronchiectasis and nontuberculous mycobacterial (NTM) lung disease are often undiagnosed and misunderstood.
- We aim to increase awareness and raise critical funds to support research, education, advocacy, and high-quality, specialized care for those affected by bronchiectasis and NTM lung disease.
